

LaTeX, Evolved

The easy to use, online, collaborative LaTeX editor

The screenshot displays the ShareLaTeX web interface. On the left is a sidebar with a file explorer showing folders like 'figures', 'sections', 'instantons', 'm2-branes', and 'polytopes', along with files like 'introduction.tex', 'low-ene...', 'moduli-space...', 'abstract.tex', 'conclusion.tex', 'introduction', and 'bibliography.bib'. The central editor shows a LaTeX document titled 'Thesis' with line numbers 205-213. The code includes a paragraph about dyonic instantons, a LaTeX equation
$$S = 8 \pi^2 \int dt \left(\frac{1}{2} \dot{\theta}^2 + \frac{1}{2} \rho^2 \dot{\theta}^2 - \frac{1}{2} \rho^2 \theta'^2 \right)$$
, and another paragraph. The right side features a 'Recompile' button and a preview window showing the rendered LaTeX document. At the bottom, there is a 'Get started now' button, an input field for 'email@example.com', a password field with '*****', and a 'Register' button.
